YOUR NEW PLAYGROUND

Reading has again appeared at the top the list for one of the best places to live and work in the UK – based on ten key indicators including; wellbeing, employment, health, income and skills*.

A new £500m rail link from Reading to Heathrow Airport will mean passengers will no longer have to travel via London Paddington to reach the airport by train.

The Elizabeth Line fully opens in 2019 – providing reduced travel time across the network into Central London.

The travel times below combine National Rail (Reading station is just a two minute walk from The Brickworks) to London Paddington and Elizabeth Line connections to destinations:

A BOLDER, BRIGHTER PLACE TO PLAY

With a population average age of 33 – Reading offers a vibrant social and retail experience, all of which is within easy reach of The Brick Works.

- The Oracle shopping centre offers 750,000 sq ft of high street favourites, riverside dining and a 10 screen Vue cinema.
- Reading has a diverse cultural scene, with The Hexagon, The Concert Hall and many other music arts and venues.
- The town offers a good mix of international and boutique hotels.
- There is a wide range of sport and gym facilities in the town.
OVERVIEW
- Full CAT A building.
- Newly configured reception.
- Floor to ceiling glazing on main elevations, providing excellent natural light.
- Exposed media style ceilings incorporating LG7 compatible lighting and a new heating and cooling system.
- Spacious communal roof terraces and a private terrace on third floor. (SUBJECT TO PLANNING APPROVAL).
- Occupancy density 1:8m.

WCs AND SHOWERS
- Toilet accommodation and disabled facilities to be provided on a floor-by-floor basis, to include unisex WC compartments.
- New male and female changing rooms with two showers and 12 lockers located at ground floor.

PARKING SPACES AND ACCESS
- 6 on-site car parking spaces.
- Secure cycle storage.

LIFTS
- 8 person passenger lift serving ground and four upper floors.

MECHANICAL SERVICES
- Efficient heating and cooling for open plan office using new VRF system, comprising internal fan coil units and external ASHP.
- Supply and extract ventilation system for open plan office using new MVHR units.
- Separate centralized toilet extract ventilation system.
- Hot and cold water to all outlets.
- Dry rising main and landing valves at all floors.
- Control systems for efficient use of mechanical systems.
- CIBSE compliant internal design conditions: 23°C winter / 23°C, 15°F; 35 NR for open plan office.

ELECTRICAL SERVICES
- CIBSE LG7 compliant lighting levels (over 300lux), with pendant linear lighting system for open plan office.
- Combined PIR and daylight sensors within open plan office areas for primary lighting control.
- Dedicated external lighting system.
- Completed LV/small power, access control and CCTV systems.
- Electronic access control.
- Dedicated facilities for disabled persons complete with alarm and communication systems.
- Fully accessible L2 fire alarm system throughout.
- PV installation for sustainable power generation.

FLOORS AND CEILINGS
- Fully accessible raised floor set 80mm from the top of structural slab level.
- Average 3200mm floor to ceiling height for the office space with locally lowered services at heights of approximately 2660mm.
- A variation between 2800-2900mm floor to ceiling height for lift lobbies.
